

I am going to
The Byre

Independent

Before we go:

I will book a table over the phone. The phone number is 01229 718757. I will tell them how many people will be coming.

On The Day

I am going to The Byre to eat with my friends.
We may have to drive there.

When we get inside, we will go to the counter and tell the member of staff that we have arrived. We may have to wait to be seated at our table.

When it is our turn to be seated, we will follow the member of staff to our table.

I will sit down in my seat.

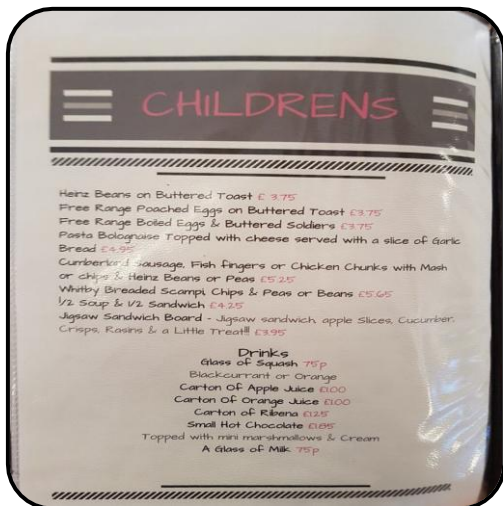

I will choose a drink from the menu.

When the member of staff asks me, I will tell them what I would like to drink.

I will choose my food from the menu while the member of staff gets our drinks.

The member of staff will bring our drinks.

When the member of staff asks me, I will tell them what I would like to eat.

When the member of staff brings my food I will eat it. I will only touch my own food, unless someone offers me some of theirs.

If I need to use the toilet, there are some in The Byre. They are past the toy area in the corner.

I will go to the left of the toys and into a small corridor and the toilets are in front of me. A member of staff can show me where it is if I am unsure.

When I have finished eating, I may have to wait for my friends to finish eating.

After we have finished eating, the member of staff will take our plates away from the table.

If we are getting a dessert, I will look at the Dessert Menu and decide what I would like to eat.

When the member of staff asks me, I will tell them what I would like for dessert.

When the member of staff brings my dessert I will eat it. I will only touch my own dessert, unless someone offers me some of theirs.

When I have finished eating, I may have to wait for my friends to finish eating.

After we have finished eating, the member of staff will take our plates away from the table.

Once we have finished our meal, we will pay at the counter.

Once we have paid, I will walk nicely out of The Byre with my friends.
