

I am going to
Starts from Scratch

Independent

Before I go:

I will decide whether I will get to choose something to buy for myself or not.

I may want to write a list of things I need before I go.

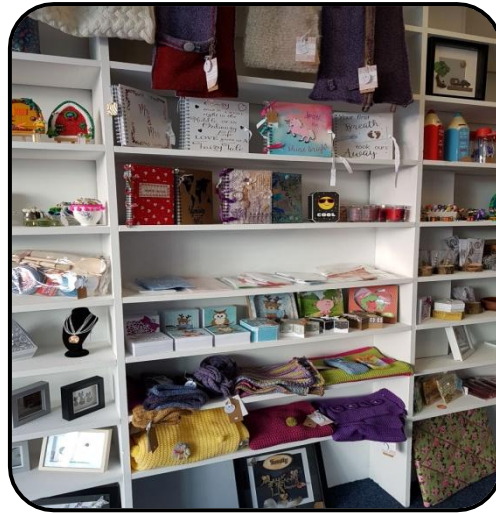

On The Day

I am going to Starts from Scratch to get some shopping.

Starts from Scratch is a gift shop. They sell handmade cards, gifts, stationery and many other things.

I can use a basket to carry the shopping. These are on the floor across from the door.

I will look for my shopping. If I am getting something for myself, I will pick an item that I would like. If I am not getting something for myself, I will find the things from my list and put them in my basket.

When I have all my items, I will take them to the cashier to buy them.

I may have to wait in a queue. This is ok, I can stay calm while I wait.

The cashier will put the items into a bag. I will pay for my items. I can do this by using cash or a debit card.

Once I have paid, I will walk out of Starts from Scratch.
