

I am going to  
The Beach Cafe Haverigg

With An Adult

Before we go:

I will choose an activity/item to take with me to  
The Beach Cafe.

# On The Day

I am going to The Beach Cafe to eat with my family. We may have to drive there.

When we get there, we will choose an empty table. There are tables inside and outside of the Cafe.

I will choose a drink. I will order my drink at the counter.

When the member of staff asks me, I will tell them what I would like to drink.

I will choose my food from the menu while the member of staff gets our drinks.

I will order my food and my adult will pay at the counter. When the member of staff asks me, I will tell them what I would like to eat.

If I need to use the toilet, there is one across from The Beach Cafe. The staff/my family can show me where it is if I am unsure.

I will sit down in my seat.

While I wait for my food I can play with my chosen item or do my activity.

When the member of staff brings my food I will eat it. I will only touch my own food, unless someone offers me some of theirs.

When I have finished eating, I may have to wait for my family to finish eating. I can play with my chosen item or do my activity while I wait.

After we have finished eating, the member of staff will take our plates away from the table.

If we are getting a dessert, I will look at the Dessert Menu and decide what I would like to eat.

I will order my dessert and my adult will pay at the counter. When the member of staff asks me, I will tell them what I would like for dessert.

While I wait for my dessert I can play with my chosen item or do my activity.

When the member of staff brings my dessert I will eat it. I will only touch my own dessert, unless someone offers me some of theirs.

When I have finished eating, I may have to wait for my family to finish eating. I can play with my chosen item or do my activity while I wait.

After we have finished eating, the member of staff will take our plates away from the table.

Once we have finished our meal, I will walk nicely out of The Beach Cafe with my family.
