

I am going to  
Ristorante Da Vinci

Independent

# Before I go:

I will book a table over the phone, the phone number is 01229 777497. I will tell them how many people will be coming.

# On The Day

I am going to Ristorante Da Vinci to eat with my friends. We may have to drive there.

When we get inside, I will go to the bar and tell the member of staff that we have arrived.

I will choose a drink. I will order my drink at the bar. When the member of staff asks me, I will tell them what I would like to drink.

We will wait in a seating area to be seated at our table.

The member of staff will bring me a menu.

I will choose my food from the menu while the member of staff gets our drinks.

When the member of staff asks me, I will tell them what I would like to eat.

If I need to use the toilet, there is one in Da Vinci. The toilets are down some steps at the end of the dining area.

A member of staff can show me where it is if I am unsure.

When it is our turn to be seated, we will follow the member of staff to our table.

I will sit down in my seat.

When the member of staff brings my food I will eat it. I will only touch my own food, unless someone offers me some of theirs.

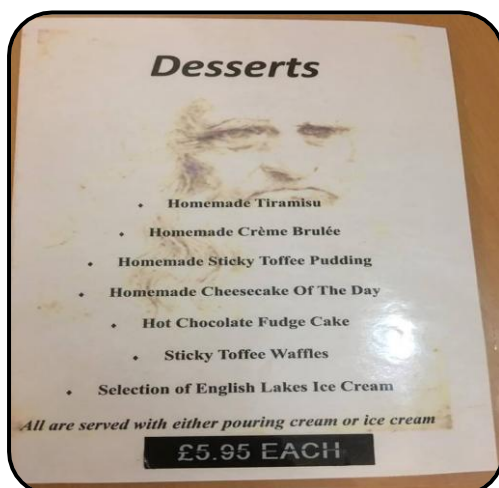

When I have finished eating, I may have to wait for my friends to finish eating.

After we have finished eating, the member of staff will take our plates away from the table.

If we are getting a dessert, I will look at the Dessert Menu and decide what I would like to eat.

When the member of staff asks me, I will tell them what I would like for dessert.

When the member of staff brings my dessert I will eat it. I will only touch my own dessert, unless someone offers me some of theirs.

When I have finished eating, I may have to wait for my friends to finish eating.

After we have finished eating, the member of staff will take our plates away from the table.

Once we have finished our meal, we will pay at the bar.

Once we have paid, I will walk nicely out of Da Vinci with my friends.
